

# ASCD

## EXECUTIVE SECRETARY

• The Board of Directors of the Association for Supervision and Curriculum Development, NEA, is happy to announce the appointment of Rodney Tillman as the executive secretary of the Association to succeed George W. Denmark. Mr. Tillman will assume this new responsibility with the Association in June.

• As many of you know, Mr. Tillman—better known to ASCD'ers as Rod—joined the Washington staff in June 1954 as an associate secretary. Rod's fine work in this capacity speaks well for the quality of his leadership as he assumes additional staff responsibilities. During the past two years his primary assignment with the Association has centered on working with state and regional ASCD units. His work has brought him in contact with most of the ASCD units and many ASCD members throughout the country.

• Rod is a native of Arkansas. Prior to joining the ASCD staff, he was a member of the faculty of the College of Education, University of Arkansas,

at Fayetteville. He has worked in the public schools in Hughes and Pine Bluff, Arkansas, as a teacher and as an elementary principal. He served in the Army during World War II and was recalled for a 21 months tour of duty during the Korean crisis. Rod and Mrs. Tillman are the parents of two young sons.

• Rod did his undergraduate work at Henderson State Teachers College, Arkadelphia, Arkansas and received his M.A. and Ed. D. degrees from Teachers College, Columbia University, New York, New York.

• George W. Denmark, who has served as executive secretary for the past four years, will join the faculty of the College of Education, University of Maryland in September as a professor of education and assistant dean. George's outstanding work during the past four years is most appreciated by all of us and we extend to him our best wishes as he assumes these new responsibilities.—ROBERT S. GILCHRIST, *president, ASCD.*
