CURRENT PROJECTS

ASCN Networks. A committee is being formed to establish guidelines for the development and functioning of member-initiated networks, such as the new thinking skills network. Project Facilitator: Diane Berreth, ASCD Associate Director for Affiliate Units.

Commission on Instructional Supervision. This group of 75 instructional supervisors is involved in a two-year project to examine major issues in the area of supervision. The commission met in full session at the 1984 Annual Conference and will meet again in March 1985 in Chicago. Between annual meetings, members are at work on the project within the framework of eight regional subcommittees. Project Facilitator: Jean Hall, ASCD Associate Director for Program Development.

Curriculum Trends Surveys. ASCD has undertaken a series of longitudinal studies of elementary, middle, and secondary school curriculum trends, which will be repeated in three-year cycles. The study of elementary curriculum trends began in 1982; a report will be released this fall. A study of middle school curriculum trends will begin this fall, and a study of high school curriculum is being designed with data collection set for 1985. Project Director: Janie Adkisson, Acting Assistant Director for Research and Information.

Elementary School Network. Twice a year 25 elementary schools from across the nation meet to plan for ensuring a balanced curriculum for all elementary schools and to design a process that ensures continual focus on the improvement of teaching and emphasizes the teacher's role in curriculum decision making. Project Facilitator: Jean Hall, ASCD Associate Director for Program Development.

High Schools for the Future. Twenty-two high schools are participating in a two-year High Schools Future Planning Network. The primary goal is to strengthen the strategic, long-range planning capabilities of network schools. Other areas of analysis include core curriculum, improved teaching strategies, and use of technology in schools. Schools will communicate through computer networking. Project Facilitator: Gordon Cawelti, ASCD Executive Director.

Policy Analysis. A task force of educators has been meeting to analyze merit pay systems. A report of the positive and negative consequences of merit pay systems will be available shortly. Project Chair: Fenwick English, Lehigh University, Bethlehem, Pennsylvania. Project Facilitator: Diane Berreth, ASCD Associate Director for Affiliate Units.

Supervision/Leader Behavior Training Design. The development of more effective educational leaders is the focus of this project, which builds on current research in organizational development and leader behavior training. The proposed plan calls for a delivery system that employs interactive electronic media. Project Chair: Dale Mann, Teachers College, Columbia University, New York, New York. Project Facilitator: Lewis Rhodes, ASCD Assistant Director for Technology.

Thinking Skills Project. ASCD supports efforts to develop thinking skills. Arthur Costa, California, is editing a resource book to be sent to comprehensive members in 1985. Jim Bellanci, Illinois, chairs a committee to design videotapes for staff development. John Barell, New Jersey, is organizing a national network on teaching thinking. (To join, write to John Barell, Montclair State College, Upper Montclair, NJ 07043.) Project Facilitator: Ron Brandt, ASCD Executive Editor.
