CURRENT PROJECTS

ASCD Networks. A Networks Advisory Committee is now accepting applications for member-initiated networks whose goals are congruent with those of ASCD. Application materials are available from ASCD. Project Facilitator: Diane Berreth, ASCD Associate Director for Affiliate Units.

Commission on Instructional Supervision. This group of 75 instructional supervisors is involved in a two-year project to examine major issues in the area of supervision. The Commission met at the annual conference and has been meeting quarterly. Members are working on a National Curriculum Study Institute on supervision, a network catalog of supervision practices, programs and policies, a proposal for a handbook on supervision, and identifying competencies for supervisors. Project Facilitator: Jean Hall, ASCD Associate Director for Program Development.

Curriculum Trends Surveys. ASCD has undertaken a series of longitudinal studies of elementary, middle, and secondary school curriculum trends, which will be repeated in three-year cycles. The study of elementary curriculum trends began in 1982; a report will be released this fall. A study of middle school curriculum trends will begin this fall, and a study of high school curriculum is being designed with data collection set for 1985. Project Director: Janice Adkisson, Acting Assistant Director for Research and Information.

Elementary School Network. Twice a year 25 elementary schools from across the nation meet to plan for ensuring a balanced curriculum for all elementary schools and to design a process that enhances curriculum for all elementary schools. Project Facilitator: Diane Berreth, ASCD Associate Director for Affiliated Units.

The Principal As Instructional Leader. Recognizes the principal's influence on school success through his or her impact on staff. Research and interviews with teachers affected by instructional leaders promote principal and staff understanding and encourage behavioral change. $225 ASCD members, $260 nonmembers.

Quality Circles: Problem-Solving Tool for Educators. Shows how quality circles can solve problems through a participatory-management approach. Identifies four steps—problem selection, problem analysis, solution selection, and management presentation—used in the process and includes comments from superintendents, principals, teachers, and national quality circles trainers on why they are effective. $225 ASCD members, $260 nonmembers.
