TOWARD MORE PRODUCTIVE TEACHING
The means for more productive teaching are readily available, at least in the literature and in seminars and workshops. The trick lies in designing staff development to attain the desired transfer of knowledge about strategies into actual classroom practice. The research findings reported in this issue substantiate practical experience, together they offer a firm base for increasing teacher productivity and student learning. Design by Al Way. Photograph by Taran Z Studios.
DUPCLATING Educators are authorized to reproduce a single article from this publication without making a written request provided that (1) duplication is for an educational purpose in a not-for-profit institution; (2) 4 copies are made available without change beyond the cost of reproduction; and (3) each copy includes full citation of the source. Permission to reproduce more than one article will be granted under the same conditions to those who make a reasonable request in writing.

This authorization does not apply to materials, if any, copyrighted by others. Any such materials are so identified.
