HARRIET ARNOLD • GROW WITH ASCD

Professor

ASCD Board Member and ASCD Student Chapter Faculty Advisor
California

My journey is very personal. ASCD has been there with me all along. I did not begin in governance. I began at the lower rungs, understanding and working and growing. And that's what ASCD has meant for me. It has been professional growth, learning, and transformation.

I still read *EL*. I still read the research. I still have the mentors and now I am reversing: I am becoming the mentor.
