Adventures in Teacher Leadership: Pathways, Strategies, and Inspiration for Every Teacher

Rebecca Mielwoccki and Joseph Fatheree
 Introduction by Katherine Bassett

Have you ever imagined yourself as a teacher leader but weren't quite sure whether you really had—or could develop—the necessary skills? Find answers to this question and more in

this guide to becoming a successful teacher leader. Organized around five key tools—communication, collaboration, professional development, data, and advocacy—the book covers every aspect of what is involved in taking on leadership responsibilities. *Adventures in Teacher Leadership* invites teachers to expand their professional reach and, ultimately, make a big difference in the lives of students everywhere.

The Handbook for Poor Students, Rich Teaching

Eric Jensen

A majority of public school students live in poverty, and K-12 teachers have the power to change their futures for the better. To meet this goal, Eric Jensen guides readers through seven high-impact mindsets: (1) the relational mindset, (2) the achievement mindset, (3) the positivity mindset, (4) the rich classroom climate mindset, (5) the enrichment mindset, (6) the engagement mindset, and (7) the graduation mindset. A companion to the revised edition of *Poor Students, Rich Teaching*, this powerful handbook provides practical tools designed to help K-12 teachers fully embrace the critical mindsets that lead to richer teaching and profound learning for all students.

Upgrade Your Teaching: Understanding by Design Meets Neuroscience

Jay McTighe and Judy Willis

How can educators leverage neuroscience research about how the human brain learns? How can we use this information to improve curriculum, instruction, and assessment, so our students achieve deep learning and understanding in all subject areas? Learn the answers to these questions

and get practical information for everyday use in schools by merging insights from neuroscience research findings with Understanding by Design®, the framework used by thousands of educators to craft units of instruction and authentic assessments that emphasize understanding rather than recall.

The New Art and Science of Classroom Assessment

Robert J. Marzano, Jennifer S. Norford, and Mike Ruyle
This book is part of a series built around The New Art and Science of Teaching framework by Robert J. Marzano. The framework presents current research, theory, and practice regarding classroom pedagogy across various subject areas. A major aspect of effective classroom pedagogy is assessment. Educators will learn

how to change their methods of classroom assessment to create a more holistic mode of assessment that is more reflective of course curriculum and student progress.
