### Grading Smarter, Not Harder: Assessment Strategies That Motivate Kids and Help Them Learn

Myron Dueck

Many common assessment policies not only don't reveal what students learn, but also harm student motivation and achievement. This book will help you to

develop new assessment routines that reveal your students' understandings and promote learning rather than just measure it. Seasoned educator Myron Dueck reveals how to tailor your grading practices to contribute to, rather than hinder, student success. The book's reproducible forms, templates, and examples make it easier to quickly support these new grading approaches.

### How to Create and Use Rubrics for Formative Assessment and Grading

Susan M. Brookhart

This book is a complete resource for writing effective rubrics and for choosing wisely from among the many rubrics that are available to educators. It makes the case that rubrics, when used appropriately, can improve outcomes by helping teachers teach and helping students learn.
