Even on Your Worst Day, You Can Be a Student's Best Hope

Manny Scott

As Manny Scott travels all over the country speaking to students and educators, he meets young people whose stories remind him of how his own growth was marked by instability, trauma, and despair—until a few caring educators showed him how to find a more positive direction. This inspiring

book explores ways of truly connecting with students and inspiring them to take ownership of their future.

Keeping It Real and Relevant: Building Authentic Relationships in Your Diverse Classroom

Ignacio Lopez

Many teachers find balancing the needs of increasingly diverse classrooms to be a difficult and often thankless task—and one that takes precious time away from instructional planning. This book offers

simple but ingenious steps for addressing these needs holistically, in a way that takes no extra time yet amply enhances the learning experience for students.

Digital Portfolios in the Classroom: Showcasing and Assessing Student Work

Matt Renwick

Matt Renwick shows how digital portfolios—dynamic collections of authentic information from different media—can capture student thinking and help clarify assessment data. By shining a

spotlight on how student portfolios can be used to assess student work, Renwick helps educators navigate the maze of digital tools and implement the results to drive instruction.

Designing and Using Essential Questions

Jay McTighe

Essential questions (EQs) are an important part of effective curriculum design and are used to encourage higher-order thinking, engage learners in deepening their understanding of big ideas, and enable students to transfer concepts learned to new situations. With this guide as a starting point, you will learn how EQs create a culture of inquiry that will benefit all students.
