

GETTING TO THE ROOT CAUSES OF WHY STUDENTS STRUGGLE

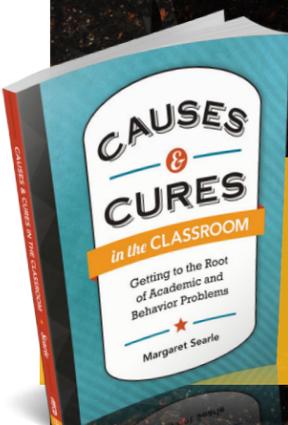

Sometimes the reasons students struggle in school are tied to brain development that causes problems with executive functions like impulse control, ability to focus, or memory. Once you know the traits of the student or group to be supported, you can analyze the root causes of their struggles.

LET'S DIG INTO THE ROOT CAUSES OF ATTENTION AND FOCUS PROBLEMS.

READY FOR THE NEXT STEP?

Analyze more root causes of academic and behavior problems and learn about developing targeted cures in *Causes & Cures in the Classroom: Getting to the Root of Academic and Behavior Problems* by Margaret Searle.
