

STUDY GUIDE ▶ Response to Instruction and Intervention

According to the video, what does RTIi stand for and why was this name intentionally chosen?

Although Tier 1 is generally considered to be the core curriculum available to all students, Lee Ann Jung discusses additional requirements for basic content delivery in order to meet the true requirements of RTIi. What are those requirements and why are they necessary before moving a student up a tiered intervention model?

List and explain the five elements of RTIi.

- 1.
- 2.
- 3.
- 4.
- 5.

Why are valid assessments and purposeful progress monitoring vital to RTIi?

Reflect on one of the evidence-based instructional models you observed in the video (the "Push In" model, ICM, etc.) and explain how it supports struggling learners while protecting their access to core instruction.
